Teacher Agreement

It is important to me that students achieve their goals; therefore, realize the importance of communication and frequent progress reports to the parents. I will communicate with the parents to enhance the student's progress in the following ways:

- Provide a highly motivated environment where challenging learning opportunities will allow them to succeed
- Provide more readily accessible feedback to parents on their child's progress and suggest more effective ways for their active participation in student's instruction
- Encourage both children and parents to continue their efforts as we all work together in preparing our students for their future.
